

For you, your partner,
and peace of mind.

Get tested quickly, safely, and discreetly.

Your Teladoc service provides a more convenient option to getting tested for STDs. It allows you to skip the trip to a doctor's office and go straight to a testing location. Note: Many STDs are preventable and some are curable.

How it works:

1

Complete a short questionnaire

Call or go online and click "Get a sexual health screening" to get started.

2

Choose a lab

Select the most convenient testing location to you.

3

View your results online

Your results and next steps will be available online within 3 business days.

4

Talk to a doctor

You can choose to talk to a doctor by phone to discuss any questions or concerns.

To ensure privacy, your results will never be saved into your member history.

Get peace of mind. Get tested today.
